Human Performance and Cognition in Leadership and Decision Making

Dr. Cary Stothart will be joining the U.S. Army Research Institute as a research psychologist this October. Cary received his Ph.D. from Florida State University in 2016 and started his postdoc at Notre Dame the same year. During his year at Notre Dame, Cary conducted research with Dr. James Brockmole in the Visual Cognition Laboratory. This experience helped prepare him for his new position where he will continue conducting research on human performance and cognition, but as it relates to leadership and decision making.
