#### STEM Postdocs Needed as Panelists for Society of Schmitt Fellows Networking Event

Current ND postdocs in STEM fields are needed as panelists for the Society of Schmitt Fellows! The topic of the panel is "Networking," and the planners would like to have postdocs who can speak to the importance of networking and offer advice to graduate students about this topic. Early postdocs are welcome to speak about how networking helped them get their postdoc position, and more senior postdocs can speak about how networking has been important in their search for faculty or industry positions.

The panel is currently set for April 4, 2018 at 5:00 pm. Anyone who is interested in sitting on this panel should contact [Benjamin Gombash](#).

#### Postdoc Pathways Café

Dr. Curtis Urban will be joining us for the next PPC on March 21, 2018!

Dr. Urban completed his PhD in History here at Notre Dame, and was a Postdoctoral Teaching Scholar through the 5+1 program in the College of Arts and Letters. Upon finishing his postdoc appointment, he was hired as Program Coordinator for the University's Office of Pre-College Programs. Curtis primarily manages the Office's online application tools, but also helps to develop programs and events for the Summer Scholars and Leadership Seminars in collaboration with ND faculty. Additionally, Curtis serves as the chief liaison to Shared Services, collecting data to generate surveys and reports for the Enrollment Division. Curtis also serves on the Pre-College application review committee and is involved in program recruiting.
