Various deadlines

The NSF 2026 Idea Machine

Do you have a great idea that needs funding?

The NSF 2026 Idea Machine is a competition to help set the U.S. agenda for fundamental research in science and engineering. Participants can earn prizes and receive public recognition by suggesting the pressing research questions

that need to be answered in the coming decade, the next set of "Big Ideas" for future investment by the National Science Foundation (NSF).

Submit your entry at the NSF 2026 Idea Machine website by October 26th, 2018. Apply as an individual or a group. U.S. citizens or permanent residents, or anyone residing legally in the U.S. on September 1, 2018 are eligible. Check here for answers to more eligibility related questions.

Job Opportunities for Postdocs/Spouses with Aunalytics

Aunalytics was co-founded in 2011 by award-winning professor and researcher Nitesh Chawla, PhD, and Graham Allen Partners, an innovative private investment firm focused on building data-focused companies. Aunalytics is interested in hiring postdocs or their spouses who have the relevant skill sets, and candidates do not need a PhD. For more information, click here or email Vered Rekanati.

Did you know...

...that you can reserve meeting spaces through Hesburgh Libraries? This service is ideal for postdoc collaboration!
