StrengthsFinder Workshop: Identifying & Capitalizing on Your Talents
Exclusively for postdoc office appointees

One of the most important aspects of your professional development is being able to identify and capitalize on your top strengths in the workplace. Participants must complete the Clifton StrengthsFinder self-assessment and read about their top five talents and strengths prior to the workshop. If you are interested please send Valli Sarveswaran your name and email address. Valli will notify you when you are allowed to take this online assessment that will take 20-30 minutes to complete. The workshop is only open to those who have completed the online self-assessment!

Date: Monday, December 3 (please note that the date has changed)
Time: 9:00 a.m. - 11:00 a.m.
Location: 511A Main Building

Plagiarism: What it is and how to avoid it
This workshop will focus on ways to present academic sources in an ethical and transparent manner. Topics include a definition of plagiarism, a description of the harm it causes, and strategies to use sources appropriately. The workshop will conclude with a discussion of citation forms and how to learn more about them.

Presenter: Christopher Scheirer, EAP Post-doc
Wednesday, November 28, 5:15pm - 6:30pm, 310 DeBartolo Hall

Focus Group: Text Analytics Software
The Hesburgh Library is exploring the demand for software solutions that enable you to index and query a self-selected corpus of work, thus expanding and accelerating your research process. They are looking for participants to discuss the concept of a personalized search service so that they can learn more.
Lunch is provided, please register. Contact Eric Morgan with questions at emorgan@nd.edu.

Friday, November 30, 11:30am - 1:00pm, 125 Hesburgh Library

Postdoc Challenge: Grant Funding to Utilize CTSI Designated Core
Postdoc Challenge: Grant Funding to Utilize CTSI-Designated Core Facilities

The Indiana CTSI is soliciting proposals from postdoctoral researchers to develop translational research through the use of technologies and expertise at the Indiana CTSI-designated core facilities available at all partner institutions.

The Postdoc Challenge offers postdoctoral researchers at Indiana University, Indiana University School of Medicine, IUPUI, Purdue University, and the University of Notre Dame valuable proposal writing and reviewing experience in areas related to translational research through the use of one or more of the CTSI-designated core facilities at any of the partner universities. This is a competitive opportunity for a $5,000 award in the form of an expense account for use of core facility services. Funding is to be used only for services provided by the core facilities. Indiana CTSI-designated core facilities are listed on the CTSI website.

Submission Deadline: February 22, 2019
Applications to this program are limited to $5,000 and are of one (1) year duration.
