Your Research Matters: You Matter

When the Graduate School says You Matter, it isn't just a catchy tagline - the mental and physical well-being of our students and postdoctoral scholars is a top priority. Sometimes protecting that well-being means reaching out for help navigating an uncomfortable situation or speaking up to bring discrimination, harassment, or misconduct to light. As labs and studios reopen after the hibernation due to COVID-19, we encourage you to report issues or concerns here; you may choose to stay anonymous or provide contact information if you want a reply.

Connect with Career Opportunities and ND Alumni in the CA, DC, and TX Regions!

Connect with the Muerelo Family Center for Career Development Regional Engagement
Team, which includes multiple staff who are charged with developing alumni and employer partnerships and job opportunities across the United States based on student career interests. The discussion will focus on graduate student opportunities and will highlight locations such as Washington DC, Texas, and California. Attendees will learn about job search strategies by region and how to get connected with the Regional Engagement Team to discover alumni contacts and resources in career fields and locations of interest. There will also be time to ask questions based on your unique experiences and career goals.

The Postdoc Academy

Free Online Course: Succeeding as a Postdoc

The Postdoc Academy is a digital and in-person professional development program designed specifically for postdocs, and is now open for registration! The free online course, titled "Succeeding as a Postdoc", will begin on June 22nd. This 6-week course will help postdocs create a rewarding experience that launches them into their chosen career path. Register for the online course here.

In addition to the online course, postdocs can join a Postdoc Academy Learning Session (PALS). Virtual local learning communities support online learning by connecting content directly to the local context and community, and also promote deeper learning of the material. PALS are small groups of postdoc who meet once a week in Zoom while taking the online course. PALS will begin the week of June 22nd! Register for PALShere.
